VIEWED TO BE THE BEST.®

QUALITY WOOD WINDOWS FOR MORE QUALITY TIME

Prefinished interiors and grilles-between-the-glass give you extra convenience.

Imagine. Quality Pella® wood windows with extras that make every day a little brighter. Like Pella's exclusive prefinished White interiors — the painting is already done for you. And since our factory-applied prefinish is superior in quality and durability to standard latex house paints, our windows stay looking great for years to come. For a traditional look, add grilles-between-the-glass — they make our windows a breeze to keep clean. Beautiful new windows and more time to enjoy them. It doesn't get any better than Pella.

PELLA WHITE PAINT is available in the paint department to color-match baseboards and interior trim.

Actual paint sample.

Pella double-hung windows feature **CAM-ACTION SASH LOCKS** that compress weatherstripping for a tighter-than-tight seal.

Optional **GRILLES-BETWEEN-THE-GLASS** add a traditional look that's as easy to maintain as it is to admire.

SOLID-WOOD CONSTRUCTION. Wood offers outstanding insulating qualities. In fact, it insulates 1,100 times better than aluminum.

DURABLE PREFINISHED WHITE INTERIORS.

- Superior resistance to abrasion and household chemicals.
- Stain-resistant to tough substances.
- Resists yellowing, chalking or fading when exposed to sunlight.

SUPERIOR WEATHERSTRIPPING. Compare our air infiltration figures with any other brand's. Pella® casement windows are a full six times tighter than the highest residential standard for air infiltration. That's assurance your home will be more comfortable.

Available with **ENERGY-
SAVING**, argon-filled,
Low-E insulating glass.

SASH CORNERS JOINED THREE WAYS. We use interlocking wood joints, glue and special metal fasteners to make Pella® windows strong and exceptionally durable.

Pella casement windows feature an **INTEGRATED CRANK WITH FOLD-AWAY HANDLE** — improves operation and aesthetics and won't interfere with window treatments.

WHITE HARDWARE is standard on prefinished White windows. Bright Brass or Champagne finish is sold separately.

EASY TO CLEAN. All Pella venting windows have features that make it easy to clean the exterior glass from the interior.

HASSLE-FREE™ ALUMINUM-CLAD EXTERIORS are finished with our tough EnduraClad® coating that resists fading, chalking and corrosion.

OPTIONAL GRILLES. Available in these styles. Wood grilles are primed and ready to be painted.
