Offset Double Bowl

The newest addition to the Carrington line is our Offset 60/40 sink. The Offset double bowl is available in both right and left hand configurations. By eliminating the faucet ledge on one of the bowls you gain an additional 3" of bowl space. This additional capacity is perfect for handling that large stack of dishes or your largest skillet. Best of all, it fits in a standard 36" kitchen cabinet.

Diamond-Glo Double and Single Bowl Sinks

The attractive durable finish and overall value of the *Diamond-Glo* line makes it one of Revere's most popular choices. Most models are available in 7" to 8" depths and feature straight sidewalls for added capacity.

CLDC4522D7DG

Corner Sink

The Corner Sink's unique design allows you to better utilize all of your counter top. Installed at an angle on L-shaped or U-shaped counter tops, the Corner Sink saves valuable counter space. When matched with a high arc or long reach faucet, the 7" deep bowls make quite a pair.

ADA/Dishwasher Sinks

This series is made for specialty applications. Bowls are a special 5½" deep, rear drain units with left, right or center drain orientations. When installed properly, these models are designed to meet (ADA) Americans with Disabilities Act guidelines. The special depth and drain locations also allow these sinks to be installed above some types of dishwashers. A real plus in tight kitchens.

Bar Sink and Complete Bar Sink Packages

Bring convenience and elegance to your home or office refreshment center with the Carrington bar sink. Each sink is 7" deep and has Revere's special *Diamond-Glo* finish for years of dependable service. Carrington bar sinks are available with 3½" or 2" drain openings. The complete bar package includes a high arc chrome faucet and strainer/drain assembly so you know each component is matched for that right look.
