

Cellwood® Shutters

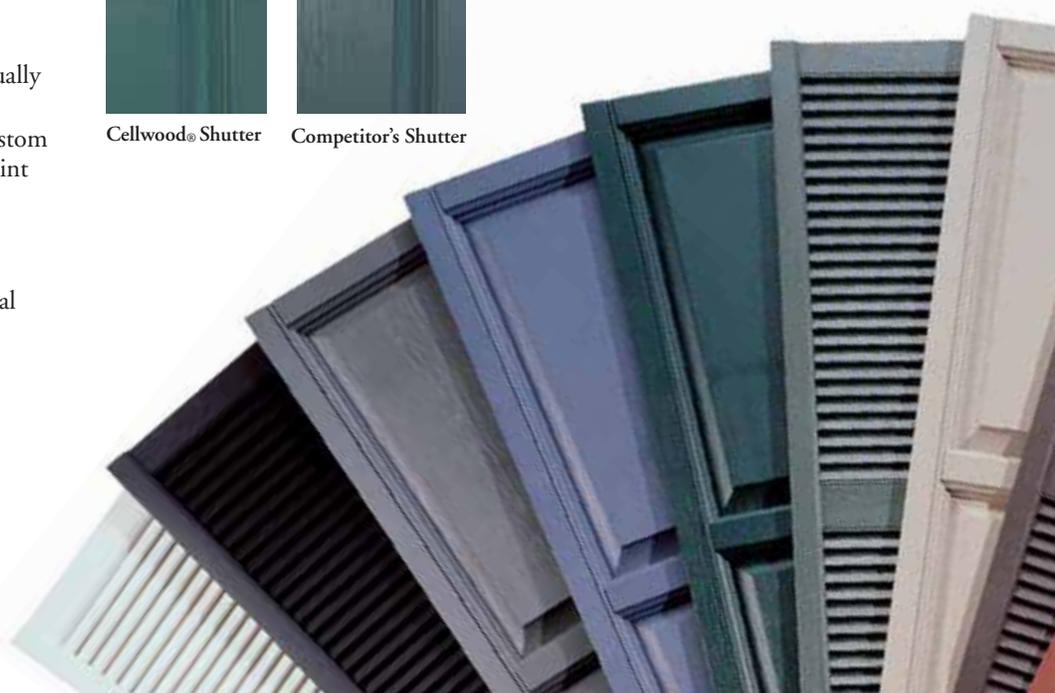

Cellwood® standard and custom shutters fit virtually any window size.

- Choose from 15 classic colors, or, to match custom trim, simply paint with a high-quality latex paint
- Raised panel & open louvered styles
 - Raised panel shutters capture the natural woodgrain found on real wood shutters
 - Open louvered straight top design mimics real wood shutters without the maintenance
- Nominal 15" widths available in 14 standard shutter lengths
- Nominal 12" widths available in 12 standard shutter lengths
- 9"*, 12", and 15" widths available in custom shutter lengths
- 18" to 96" lengths in 1" increments (custom only)
- Can mix custom and standard sizes on the same house

* Available in open louvered only

Cellwood® Shutter Competitor's Shutter

1 | Select Color...

Classic colors...Proven appeal.

Working with a national color expert, we've developed 15 classic colors for Cellwood®, all manufactured with advanced UV stabilizers and a tough acrylic coating system to minimize the effects of weathering.

NOTE: Colors shown are mechanically produced and may vary from actual product. Please refer to the actual product sample for true color representation.

** New for 2007*

Don't see a color that complements your home's color scheme? Not a problem...all Cellwood® shutters can be painted with a high-quality latex paint for a custom look.

Choosing the right Cellwood® Shutters is easy as 1, 2, 3.

Cellwood® has investigated the styles and sizes consumers want most – not to mention the styles most often requested by professional builders and remodelers. Based on these findings, we've developed standard and custom shutters that add value today and will continue to for years to come.

3 | Determine Size...

Standard Shutters sized for a variety of windows.

Cellwood® shutters are available in 14 standard sizes to fit window lengths from 25" to 82". Measuring for and ordering new shutters is simple:

- Just measure the distance from Point A to Point B on each window (see illustration below)

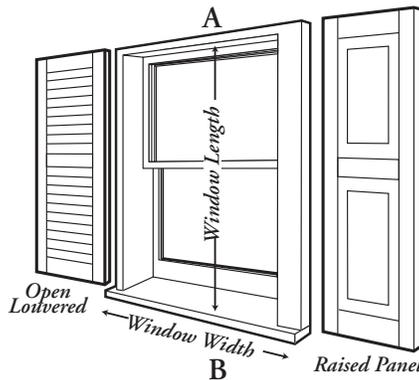

Custom Shutters for perfect style & fit.

Cellwood® shutters are available in custom sizes to meet the needs of homeowners and architects. Our custom shutters meet the high-quality construction and durability standards required for all Cellwood® products.

- 9", 12", and 15" widths
- 18" – 96" lengths (in 1" increments)
- Built to order

Standard Shutter Sizes

If Your Window Measures	Select	
	Open Louvered	Raised Panel
25"–29"	25"	–
30"–33"	31"	31"
34"–36"	35"	35"
37"–40"	39"	39"
41"–44"	43"	43"
45"–48"	47"	47"
49"–52"	51"	51"
53"–56"	55"	55"
57"–60"	59"	59"
61"–64"	63"	63"
65"–68"	*67"	*67"
69"–72"	71"	71"
73"–77"	**75"	**75"
78"–82"	**81"	**81"

Custom Shutter Sizes

Window Width	Shutter Width
18" – 24" (or smaller)	9"*
