

# SMOOTH-STAR®

FIBERGLASS DOOR SYSTEMS

**THERMA TRU**  
DOORS

*The Most Preferred Brand in the Business™*

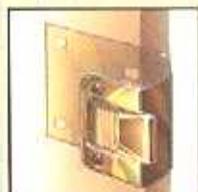

**STYLE, VALUE AND SUPERIOR PERFORMANCE**

# More than a door. A door system.

Smooth-Star fiberglass doors are part of a complete system of door components to provide long-lasting performance, security and energy efficiency. Every component is designed, engineered, tested and manufactured to work together – *trouble-free*.

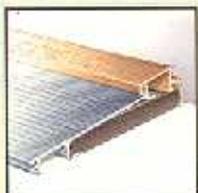

**Decorative glass designs** are encased between two panes of tempered glass for energy efficiency and easier cleaning

Durable **BTS doorlite frames** won't become disfigured or yellow even behind a storm door

**Proprietary adjustable security strike plate** available in brass color, brushed nickel and black nickel for design flexibility

System sills are available in brass, bronze and mill finish

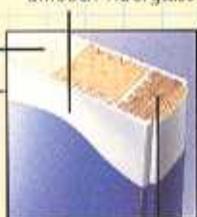

**Self-sealing, self adjusting sills** offer maintenance free composite cap, unique self-sealing design and rot resistant substrate base\*

**NEW High performance adjustable sill** features maintenance free composite cap with stainless steel adjustment hardware, superior protection against air and water, and rot resistant substrate base\*

**CFC-free solid polyurethane foam core** provides five times the insulation value of a wood door

Smooth fiberglass panels

Engineered **wood lock stile** and a 9 1/2" laminated **wood lock block** add structural stability

**Compression Weatherstrip**

- seals tightly
- removable for painting
- offered in white or bronze

**Hinges**

- Available in brass, brushed nickel and black nickel

**Kerfed door bottom** is leak-proof and **composite top and bottom end rail** won't rot or warp

† System components manufactured by Thermo-Tru, except door jambs and brickmould, are covered by our Limited 20-Year Warranty.

\* For other sill options, contact your local dealer.

*Door Style: S211 with S294SL sidelites and 19055T transom  
— NEW SEDONA GLASS*
